

SAFELY DISINFECT LARGE SPACES FAST

Because you disinfected your office last week, does it mean it is OK this week?

Can you really afford to have a 3rd party company do this every week?

Have your whole office done by a staff member every day or week - As quick as 30 minutes for a 2,500 sq ft office.

DuraSprayer Models

Available in a compact unit and a commercial unit

COMPACT KIT

The DuraSprayer Disinfector with 12" wand, 15' hose, 25' power cord, 1-gallon pre-mixing container and funnel, Hospital-grade disinfectant concentrate, Operators Manual.

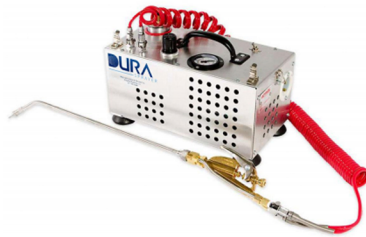

PRO UNIT

The DuraSprayer Disinfector with 18" wand, 50' hose, 25' power cord, 1-gallon pre-mixing container and funnel, Hospital-grade disinfectant concentrate, Operators Manual

HOW IT WORKS

The DuraSprayer Disinfector mixes a low volume of hospital grade disinfecting solution with a high volume of air, atomizing the mixture in a special nozzle. It can be used as a mister, fogger or wet spray with a simple adjustment on the nozzle and pressure knob.

Use a hospital grade EPA-approved disinfecting solution to safely disinfect porous and non-porous surfaces.

FEATURES

- Quickly disinfects office/medical space
- Light weight & portable
- Durable low maintenance design
- Outperforms prepackaged aerosol
- Significant cost savings
- 1-Year Limited Warranty
- Made in the U.S.A.

COMPACT UNIT

Length: 13.5" Width: 6.75" Height: 7"
Weight (empty): 16 lbs.
Weight (full): 17.5 lbs.
Shipping Weight: 21 lbs.
Tank Capacity: 28 oz.
Discharge Hose Length: 15ft.
Spray Output: 0.49 oz./minute @ 12psi

Operating Pressure (liquid): 12-20 psi
Operating Pressure (air): 30 psi
Droplet Size (average): 10 micron
Droplet Size (range): 2.4-20+ micron
Motor: 110 VAC, 50 Hz, 3amps
Compressor Type: diaphragm

\$2,499

FEATURES

- Quickly disinfects office/medical space
- Light weight & portable
- Durable low maintenance design
